

Memory beyond the mind - the intelligence of our other cells

OTC - Over the counter

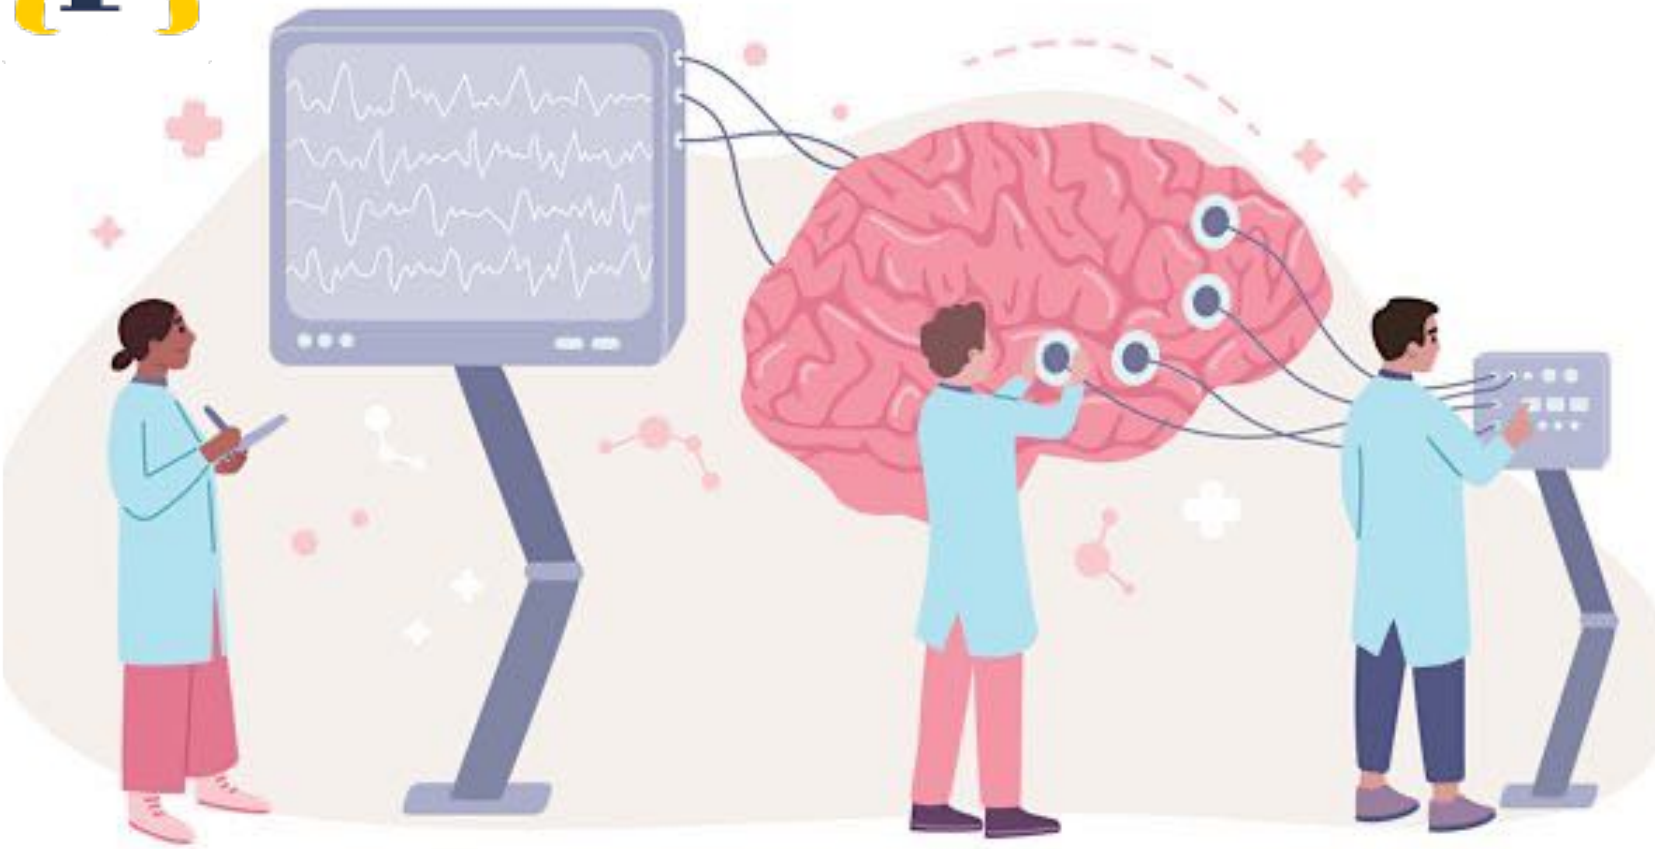

OTC remedies are available for self-care, without a doctor's prescription - "*caveat emptor*."

So is this selection of topics from the internet - the world's largest OTC store.

I share articles in the spirit of "*fair use*" as a means to adding my perspective on the subject.

Memory beyond the mind - the intelligence of our other cells

Memories are not only in the brain, human cell study finds

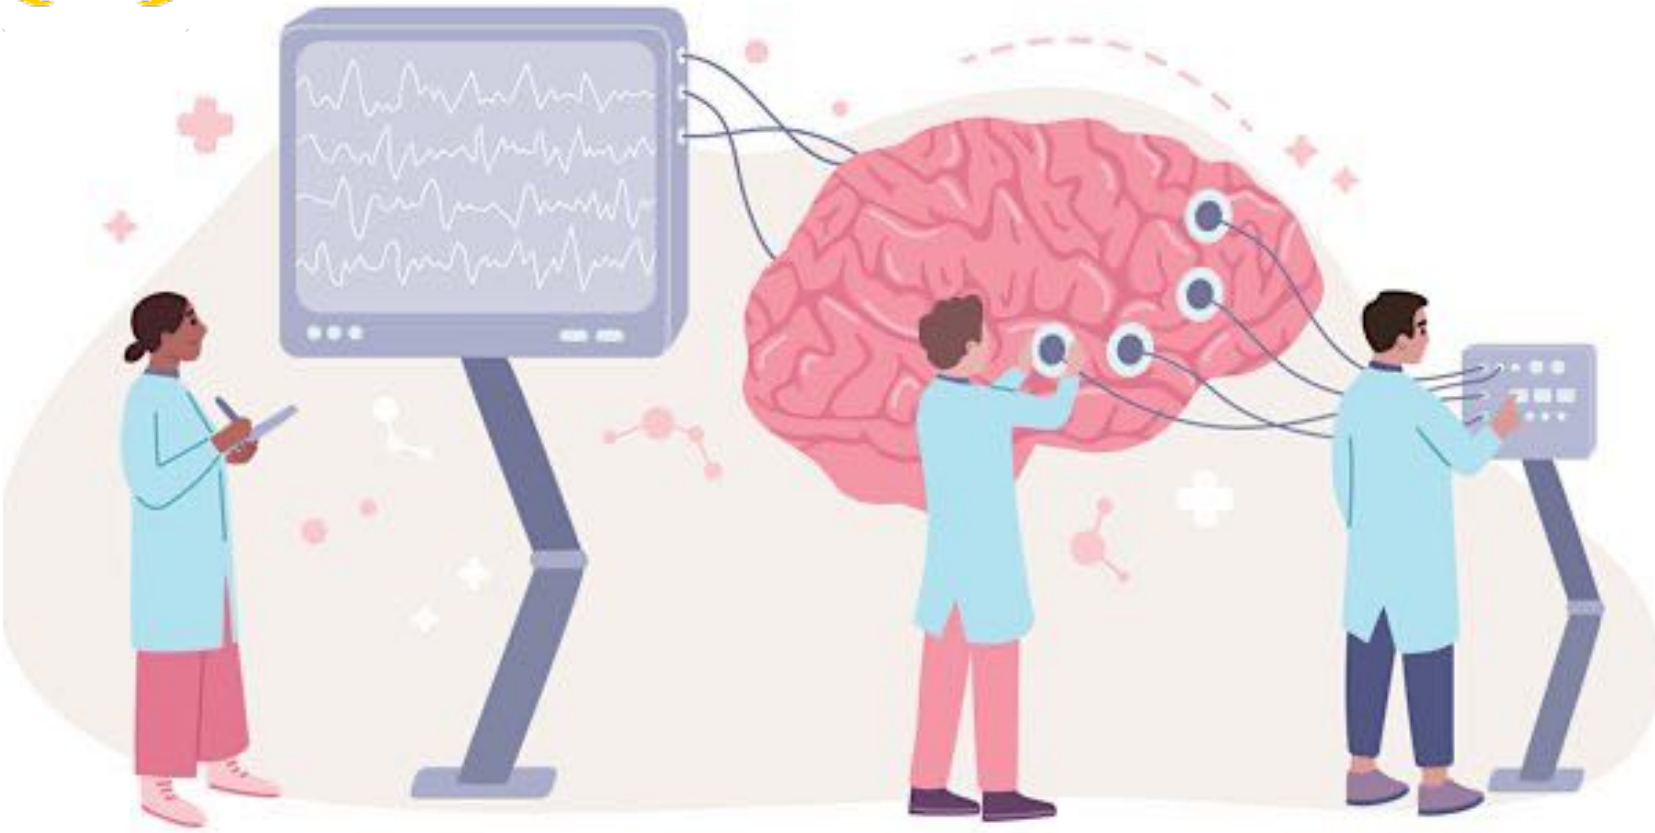

Devitt J, Medical Xpress. November, 2024
<https://medicalxpress.com/news/2024-11-memories-brain-human-cell.html>

- **NOW: Memory = brain cells**
- **BUT: Maybe, not so**
- **NEW: Non-brain cells respond to learning stimuli**
- **Memory gene activation**
- **SO: Novel**
- **Learning methods**
- **Treatments for memory-related disorders**

Learning and memory are generally associated with brains and brain cells alone, but ... other cells in the body can learn and form memories, too.
